British Sign Language - Level 1

This course is designed to teach you to communicate with Deaf people in British Sign Language (BSL) on a range of topics that involve simple, everyday language use. You will gain basic skills and confidence in producing and understanding BSL.

Level 1 is divided into three modules, each of which can be achieved separately.

101 - Introduction to BSL, 102 - Conversational BSL, 103 - Communicate in BSL about everyday life.

To achieve the full Level 1 Award in British Sign Language, you must pass all 3 units

Student Zone

Upon enrolment you will gain access to our online Student Zone. Here you will find a range of resources designed to help you, test you and support your classroom learning. Our resources are designed to be engaging, fun and authentic to MeSign. We are continuously developing new materials to help our students have access to the very best information and to allow them to continue to self study away from the classroom

What you need to know?

Our teachers are all native BSL users as we believe this is the only way to learn a new language. By removing your ability to fall back onto your 'first' language (spoken), learners will naturally progress faster whilst being immersed into Deaf culture.

Each lesson has a small refreshment break, and our modern classroom houses kitchen facilities with refreshments available.

All resources are provided through the Student Zone. You may find a folder useful to keep your paper resources together, which you receive from class.

Car parking on site is readily available and has no charge.

The full building has disabled parking/ Access/ Toilets.
